GOVERNOR ODDIE WILL SPEND A MONTH ON COAST

PHYSICIAN ADVISES HIM NOT TO TAKE UP DUTIES OF HIS OFFICE YET.

RENO, Nev., Sept. 26.—Governor Oddie, who left the hospital a few days ago, where he had been for some time, recovering from an operation for appendicitis, will leave the latter part of this week for Oregon, where he will spend a few weeks. Dr. McKenzie, who is the governor's physician, advised this change, being of the opinion that in view of the seriousness of the operation and the weakened condition of the governor, it was not advisable for him to resume his duties at once.

JARBIDGE CAMP NOW SHIPPING

The first shipment of gold bullion bars from the new mining camp of Jarbridge was made recently when H. W. Fletcher, of the Clark-Fletcher lease on the Bourne property, came to the railroad in an automobile with over a thousand dollars worth of the precious yellow metal cast in ingots from the first run.

Mr. Fletcher states that this bullion was the result from their first run of five hours, and when a considerable amount of high-grade ore was run through as a test on the mill. Hereafter the ore will be taken as it comes and, he says, they expect to ship out at least \$5000 in gold bars every month.

The ore crushed that was first put in did not do the work and they had to shut the mill down until a different make could be installed, which has been done, and the mill is again at work. This mill handles no custom ore as they have blocked out sufficient ore to keep them going for a long time and new ore is being daily blocked out.—Free Press.

RODGERS AEROPLANE IS BADLY DAMAGED

JAMESTOWN, N. Y., Sept. 26.—The Rodgers aeroplane, which was wrecked at Red House on the Cataraugus Indian reservation, is found to be so badly damaged that it will be impossible for Rodgers to take the air again before Thursday and possibly later.

RICH STRIKE IS REPORTED NEAR THORNE

Several leasers have struck high-grade ore six miles northeast of Thorne, Nevada, among the lucky ones being the Mineral City Mining company, who have been employing for nearly thirty days, and have opened up a vein of ore from which average samples assay \$164 to the ton. They expect to be shipping ore in a few days. The new camp has been christened Mineral City, after the new county of Mineral, and preparations are being made to survey off the townsite. There is a building being erected for a saloon and the gold seekers in the new camp hope to be blessed with a place in which to quench their thirst in a few days.

L. H. Dake, mining engineer, and William J. Cowan, general manager of the Mineral City Mining and Leasing company, when asked concerning the new discovery, replied: "All we can truthfully say in regard to the new strike is that we have both had a lifetime of experience in the mining business, and Mineral City's surface showings are beyond the question of any doubt the biggest thing we have ever seen." "Practically all of the ground in the immediate vicinity of the original strike has been located, but there are still several good opportunities for lessors in the camp at the present time, as the mineralized section is about three and one-half miles" long.

KNIGHTS OF PYTHIAS TO MEET IN RENO SOON

RENO, Nev., Sept. 26.—The grand lodge Knights of Pythias will meet in this city beginning Wednesday, October 4, and at that time there will be Knights here from all portions of the state. During the time the grand lodge is in session here the Dramatic Order Knights of Khorassan will also have a ceremonial session, which promises to be the finest session this order has ever had in this state.

Sam Rosenthal has composed a number of daffodils for the occasion which will be distributed among the members of the D. O. K. K. He also states that he has the tiger in Reno starving him for the occasion and that when the meeting takes place he will be fed with a number of tyros.

AID THE TRUANT OFFICER.

It is the time of year when the truant officer is busy, rounding up the delinquents, who start away from home for school but fail to show up at the place of learning. The laws compelling attendance at school of children of the school age are more stringent than ever, and place a responsibility upon parents that cannot be safely shirked. Co-operation between parents and truant officer, with no sparing of the rod, will tend to improve the percentage of school attendance everywhere. Give the truant officer a little solid backing.—Virginia Chronicle.
